Make no mis-steaks

Let the steak come to room temperature - get it out of the fridge half an hour before cooking.

Follow this for steak just the way Dad likes it:

- **rare** - 2-3 mins each side
- **medium** - 4-5 mins each side
- **well done** - 5-6 mins each side

Top tip: Rare steak feels soft to the touch, medium is a bit more spongy, and well done even more so.
